Spring and "springtime" refer to the season, and broadly to ideas of rebirth, renewal and re-growth. Isn't that exciting that each year at this time we are able to rebirth, renew and re-grow our lives. The spring is when the earth comes back to life after a long cold winter, and it is in the spring when the first flowers begin to bloom and the green world begins to return after its winter slumber.

Spring Time is a time of Awakening. It shows us it is time to awaken our creativity and give birth to what we want to create in our lives. Gather the thoughts you pondered throughout the Winter and the resolutions you may have made in the new year. Where are you in your journey? Have you begun to create the life that you want or are the thoughts still just that, thoughts without action? It's time to look within to find the seeds; it is time to plant.

Remember everything is possible if we believe and have faith.

- **Find the seeds**
- **Nurture the soil and now,**
- **Plant the seeds.**

Spring is the season for planting!!

What seeds do you want to plant for Spring to create your spectacular life and what needs to be planted for you to grow into the person you are meant to be? Write your answer down, share it with someone for accountability, and watch how your life blossoms this spring and beyond.

5 Tips on how to plant your seeds for Spring:

1. Determine what you want from life
2. Know your purpose
3. Be focused
4. Set clear goals
5. Appreciate EVERY part of your life
